1. AUTHORITY

On April 18, 2017 the Council of Municipality of Port Hope adopted By-law Number 25/2017 authorizing the use of an alternative voting method, that being the Telephone/Internet Voting method.

The Municipal Elections Act, more specifically Subsection 42(3), states as follows:

Procedures and forms

(3) The clerk shall,

(a) establish procedures and forms for the use of,

(i) any voting and vote-counting equipment authorized by by-law,
and

(ii) any alternative voting method authorized by by-law; and

(b) provide a copy of the procedures and forms to each candidate when his or her nomination is filed. 2009, c. 33, Sched. 21, s. 8 (22); 2016, c. 15, s. 31 (3).

Subsection 42(4), states that the clerk shall provide the procedures and forms on or before December 31 in the year before the year of the election.

Subsection 42(4), states that the procedures and forms established by the clerk, if they are consistent with the principles of the Act, prevail over anything in the Act and the regulations made under it.

In addition, the Council of The Municipality of Port Hope has adopted By-law Number 90/2017 on December 19, 2017, being a by-law to enter into an agreement with an eVoting Service Provider for Telephone/Internet Voting service for the 2018 Municipal & School Board Elections.

Subsection 11(2) of the Municipal Elections Act states that the clerk of a local municipality has responsibility for conducting elections within that municipality and responsibility for,

a) preparing for the election;

b) preparing for and conducting a recount in the election;

c) maintaining peace and order in connection with the election; and

- d) in a regular election, preparing and submitting the report described in subsection 12.1 (2). 1996, c. 32, Sched., s. 11 (2); 2009, c. 33, Sched. 21, s. 8 (7).

With respect to the duties and authority of a municipal clerk, the Municipal Elections Act further states as follows:

- 12(1) A clerk who is responsible for conducting an election may provide for any matter or procedure that,
 - (a) is not otherwise provided for in an Act or regulation; and
 - (b) in the clerk's opinion, is necessary or desirable for conducting the election.
- 12(2) The power conferred by subsection (1) includes power to establish forms, including forms of oaths and statutory declarations, and power to require their use.
- 12(3) The power conferred by subsection (1) includes power to require a person, as a condition of doing anything or having an election official do anything under this Act, to furnish proof that is satisfactory to the election official of the person's identity or qualifications, including citizenship or residency, or of any other matter.
- 13(1) Any notice or other information that this Act requires the clerk to give shall be given in a form and manner and at a time that the clerk considers adequate to give reasonable notice or to convey the information, as the case may be.
- 13(2) The clerk shall provide electors, candidates and persons who are eligible to be electors with information to enable them to exercise their rights under this Act.

Subsection 42(5) states that when a by-law authorizing the use of an alternative voting method is in effect, Sections 43 (advance votes) and 44 (voting proxies) apply only if the by-law so specifies. Since one of the purposes for the use of the alternative voting – being Telephone/Internet Voting – was to eliminate proxies, and By-law Number 25/2017 of The Municipality of Port Hope is silent on these issues; voting proxies are not applicable.

The Municipal Elections Act, more specifically Section 53, also provides that the clerk may declare an emergency if he or she is of the opinion that circumstances have arisen that are likely to prevent the election being conducted in accordance with this Act and provides the authority to the clerk to make arrangements for the proper conduct of the election. Any arrangements made by the clerk, if they are consistent with the principles of the Municipal Elections Act, prevail over anything in the Act and the regulations and all such arrangements, if made in good faith, shall not be reviewed or set aside on account of unreasonableness or supposed unreasonableness.

Therefore, as clerk of The Municipality of Port Hope and Returning Officer for the 2018 Municipal & School Board Elections, I do hereby certify and approve the following procedures for conducting the 2018 Municipal & School Board Elections and also establish that the attached forms are the forms permitted to be used during this election process.

report that contains all candidate names running for an office (through the eVoting system by secure ID and password). The report displays in real time the sum total of votes cast for each candidate running for an office. The timing of this report activity ensures that all totals for all candidates, confirms zero (0) votes before the electronic election begins.

The eVote will be activated unless any of the counts associated with the candidate names do not indicate a zero total, and unless directed otherwise by an election official.

3. The eVoting Service Provider will make available online a list to the Clerk and any other appropriate individuals of The Municipality of Port Hope, of all voters' list individuals by order of wards, who have voted during the voting period if such an event has taken place. This list shall be provided by the eVoting Service Provider in real time or as closely as possible to real time.
4. The Clerk will allow the eVoting Service Provider to make available during the course of the election, IDs and passwords for candidates, who when using this authorization can connect to a Candidate module to review voter's list information previously identified by them to recognize participants in the election. 7. Should a Voter Information Letter be returned to the Municipal Administration Office unopened, the PIN status will be disabled by an election official in a manner that prevents the PIN from being successfully validated in the voting process.
