**BACKGROUND INFORMATION**

**Statement of Committee's Goals/Objectives:**

To maintain, promote and enhance the heritage value of the community, downtown area, private and public buildings.

**What does the Committee want to accomplish in the upcoming year? (Note: how will this impact the Budget)**

In addition to current activities, the Committee proposes to continue the development of an inventory of heritage properties, both designated and undesignated, in Port Hope and to hire a summer student (college or university) to assist in the project. This project includes the preparation of a listing of undesignated heritage properties in the register contemplated by section 27 of the Ontario Heritage Act. To offset the cost of the summer student, the Committee proposes to apply for funding from the federal Government's Canada Summer Job programme (or other similar programme) and, to the extent that we receive such funding, the cost to the Municipality will be reduced. We also propose to attend a conference dedicated to heritage properties (federal/provincial) to enhance our expertise on this subject. Finally, we propose to purchase a plaque or plaques to celebrate certain heritage properties.
