Application Pre-Consultation

Pre-consultation between the applicant/agent and Municipal Staff prior to an application being formally submitted helps ensure a complete application and provides opportunities for early feedback and information sharing on the proposal, so that both the Applicant and the Municipality have a clear understanding of the proposal. This includes review of relevant planning policies and information, complete application requirements as well as studies, information and materials that may be required to support the proposed application. Pre-consultation also provides Applicants an opportunity to refine their application and to gain a better understanding of the planning process in the Municipality.

To schedule a pre-consultation meeting with Planning Staff, please complete the Pre-Consultation Meeting Form at <http://porthope.ca/forms-central> and request an appointment at planning@porthope.ca

“Complete Application” consists of information and material to be included in an Application including what is to be shown on a sketch/drawing in accordance with the Schedule of O. Reg. 200/96 of the *Planning Act*.

1. Application Fee – cheques can be made payable to the Municipality of Port Hope – please note that there will be other fees imposed by other agencies for their review;
2. One (1) completed and signed original Application Form. **An incomplete or improperly prepared application may not be accepted and/or could result in processing delay;**

3. Appropriate Plans/Drawings to scale (preferably a survey or draft reference plan) in a format (no larger than 11-inches x 17-inches) that can be easily copied for circulation purposes. Rough sketches will not be accepted. **See Minor Variance Sketch Sample appended to this application form.**

The Plans/Drawing shall SHOW elements outlined as follows, in metric units:

- Boundaries and dimensions of the subject lands;

- Location, size and type/use of all existing and proposed buildings and structures on the lands including **accurate** and **detailed measurements** with respect to:
