

Local Industry

Industry thrives in the Municipality of Port Hope! Our industrial base is stable and diverse with several servicing niche manufacturing markets. Many manufacturers actively export to markets around the globe while a majority serve the Greater Toronto Area market.

The Municipality is home to Esco Limited, Cameco, Cameco Fuel Services, Akzo Nobel and CPK Interior Products.

The Northumberland Manufacturers' Association (NMA) is a not-for-profit organization that provides services to the manufacturers of Northumberland County.

The NMA offers many innovative and cost-effective opportunities for networking, advocacy, and training and development, helping its members to remain competitive in the global marketplace.

Through strategic partnerships with industry, government, and other community stakeholders, the NMA encourages and facilitates its members' transition to High Performance Manufacturing.
